

Chart 3: Pros and Cons

practice it Post-Reading

After reading Mark Schug and Eric Hagedorn’s “Milwaukee’s Youth Enterprise Academy,” make a chart of the pros and cons of the Youth Enterprise Academy program. (You’ll find this article on p. 000 of your print book.) Add rows to the chart as needed.

Did you list more pros or cons? What does this lead you to conclude about the program? Did others in your class come up with the same conclusions?
