

Chart 15: Finding Meaningful Quotations 2

practice it Post-Reading

To spark your thinking and deepen your participation in class discussion about Mary Loftus’s article, “The Other Side of Fame” (you’ll find this article on p. 000 of your print book), pick a few quotes that you liked and copy them out in this chart. Add rows to the chart as needed. It will be helpful to return to these quotes later when you begin to do essay writing. For now, reflect on them in writing or share them in class discussion.
