MAN: I've known [? Mi ?] Young for many years. When I first met her, she was just starting out and a little shy. No one who knows [? Mi ?] Young now would recognize that young woman.

[LAUGHTER]

I've always relied on [? Mi ?] Young's analytical skills. Her knowledge of all of the ins and outs of corporate accounting are unmatched.

To [? Mi ?] Young.

**GROUP:** Cheers, everybody. All right.
